*The Natural*

#### Basic Package

##### Clean

- A healthy deep cleaning with our Hot Carbonating Extraction process and exclusive PowerHead
- Chem-Dry Green Certified solution - The Natural

*The Natural*

##### Hot Carbonating Extraction Process

Our innovative process penetrates to the base of carpets to lift and whisk away dirt, grime, and non-living allergens, which improves indoor air quality and overall home health.

*The Natural*

##### The Natural®

Our Chem-Dry Green Certified core cleaner relies on nature's chemistry to achieve a deep clean without the use of harsh chemicals or soapy detergents.

##### Protectant

We co-apply a protective stain fighter that coats fibers so your carpets stay cleaner longer.

##### Fresh-n-Free™ Anti-Allergen and Deodorizer

Our powerful deodorizer reaches odors absorbed in your carpets so that they aren't just masked - they're eliminated. Fresh-n-Free also removes allergens, leaving your carpets feeling and smelling fresh.
